

**Press Release**  
**NorthCoast 21 Express**

12-06-2011

C&C Marine Inc., builder of NorthCoast Boats, is pleased to announce the newest addition to our line of quality fishing oriented fishing boats: The NorthCoast 21 Express. Following the lead of the highly successful 21 Hard Top, we wanted to appeal to the boater looking to enjoy more of what the season has to offer...the sun!! In essence, the 21 Express is the convertible version of the 21 Hard Top. The optional canvas top or the full canvas enclosure can be ordered to achieve the weather protection of the Hard Top. The two models share the same hull and most of the standard and optional equipment. The only other major difference is that the port side seating is a mirror image of the starboard side with the captain's seat mounted on a custom fiberglass box for storage. The 21 Hard Top port side seating is an inboard facing bench seat. We invite the public to see the new NorthCoast 21 Express at the Providence Boat Show, January 12-15<sup>th</sup> – Space #21.
